May 7, 2012

RE: Addendum, RFP # 12-004-56, I-69/I-269 Corridor Economic Development and Environmental Study

After further consideration, Shelby County Government has decided to require bidders to submit only their qualification for this project.

In addition, a fee or cost proposal will not be required and will only be submitted by the successful contractor.

Because of the above changes, we are extending our due date for one additional week. Bids are due no later than 4:00 P.M., Monday, May 21, 2012.

Please submit one original and six copies of your proposal.

Thank you,

Nelson Fowler,  
Shelby County Government
