We work with over 15 stop-loss carriers nationally and would like to provide Shelby County with our most competitive quotes. Will Buck Consulting be appointed broker of record and/or could there possibly be co-broker of records for the stop-loss?

At this time the County is not accepting bids from brokers.

2. Do you have any the information/attachment with all plan members, with paid claims over \$50,000 and/or a patient profile? Would you have these reports for the past 36 months?
