1. I am emailing about RFP #16-005-76 and inquiring that this proposal is only for 501c3 nonprofits, including the marketing needs? Would a 501c3 nonprofit be allowed to work with an agency to fulfill this part of the project, subcontracting it out doing a joint venture?

**As stated in section II, item 1, "...For-profit service providers may apply if they are able to demonstrate they are the only available provider for a particular program strategy." A response from a non-profit proposing to working with a for-profit organization would be considered.**
